C. SECTION 1 - COVER FOR YOUR BOAT (Continuation)

How much we pay – Loss of or damage to your Boat

This is an agreed value policy. Where specified and shown in the Policy Schedule, there is an agreed sum insured for each of:

- the hull;
- the motor(s);
- the equipment and accessories;
- the sails, masts, spars, booms and fittings, spinnaker poles, standing and running rigging; and
- the trailer.

Individual items of equipment and accessories have an agreed sum insured where specified by you.

In the event of a claim, the maximum we will pay you for each item lost or damaged is the agreed sum insured for that item.

Where you have not specified a separate sum insured for either a part of the Boat as above, or an individual item, then the maximum we will pay is the current market value of the part or item.

However, the maximum amount payable will not exceed the total sum insured under any circumstances. Any amount payable will be reduced if the total market value of the Boat including all items listed above exceeds the total sum insured shown in the Policy Schedule by more than 20%. The amount payable will be reduced in proportion to the difference between the market value of the whole Boat and the total sum insured.

We will, at our option:

- repair or replace the item involved;
- pay you the reasonable cost of repairing or replacing the item involved;
- pay you the sum insured (where specified) of the item involved and take ownership of any salvage; or
- pay you the current market value of the item (where there is no agreed value) and take ownership of any salvage.

When we decide either to replace an item, or to pay the cost of replacing an item which has no agreed sum insured, then depreciation may apply and the amount payable is determined by:

- comparing the value of an item with an item of similar age and condition; or
- establishing the actual cost of an item of similar age and condition.

When we take the option of repairing an item, the amount that we pay is limited by the actual value of the item being repaired compared with its age and condition.

If your Boat is less than one year old, we will not apply depreciation in determining the amount paid to you.

Unrepaired damage

In the event that we agree to settle a claim on the basis of unrepaired damage, the measure of indemnity for such unrepaired damage shall be the reasonable depreciation in the market value of the Boat at the time this Policy terminates as a result of such unrepaired damage, but not exceeding the reasonable cost of repairs.

In no case shall we be liable for unrepaired damage in the event of a subsequent total loss (whether or not covered under this insurance) sustained during the Period of Insurance. We are not liable for any previous unrepaired damage.
